Attention: Ms. Sue Kiser

Attention: Mr. Ray Sukys

Dear Ms. Kiser and Mr. Sukys:

With this letter and pursuant to the authority delegated to me, I approve the Federal Transportation Improvement Program (FTIP) amendments for the various Metropolitan Planning Organizations (MPOs) as listed in the attachment. These amendments were adopted by the MPO policy boards on or before August 1, 2003.

I am also recommending that the Federal Highway Administration and Federal Transit Administration approve these FTIP amendments for inclusion into California's 2002/03-2004/05 Federal Statewide Transportation Improvement Program (FSTIP). Projects included in these FTIPs in fiscal years not within the three-year cycle of the current FSTIP are not approved as part of these FTIP amendments and are shown for information only.

The updated programming has been found by the respective MPOs not to require conformity analysis since the projects included in these amendments have either been included in the most recent regional emission analysis or are exempt from conformity determination requirements. Therefore, this FTIP Amendment is consistent with the State Implementation Plan.

In accordance with existing law, public involvement procedures are a part of the project selection process. The MPOs prepared these FTIP amendments under that process permitting citizens, affected local agencies, other public agencies, and other interested parties reasonable opportunity for comment.

Mr. Gary N. Hamby/Mr. Leslie T. Rogers
